Volume Down (-)	Single press to decrease volume
Multifunction button (MFB)	Single press to play/pause
MFB	Double press to skip to next track
MFB	Triple press to go to previous track
MFB	Hold 2s to activate voice assistant

4. Pairing Instructions

First-time pairing:

1. Power on the headphone by holding the Power button for 3 seconds. The LED will flash blue and red, indicating pairing mode.
2. On your device, go to Settings > Bluetooth and enable Bluetooth.
3. Select 'TechNova X200' from the list of available devices.
4. Once paired, you will hear 'Connected' via the speakers.

Multipoint pairing (connect two devices simultaneously):

The X200 supports simultaneous connection to two devices. Pair the second device while connected to the first. Music will pause on the active device when a call or audio starts on the second.

5. Active Noise Cancellation (ANC)

The X200 uses hybrid ANC with feedforward and feedback microphones to reduce ambient noise by up to 35dB.

ANC Modes:

- ANC ON: Maximum noise reduction. Best for commuting and flights.
- Transparency Mode: Lets in surrounding sound so you can hear your environment. Best for office use.
- ANC OFF: Standard mode with no noise processing. Best for maximum battery life.

Note: ANC effectiveness may vary based on fit and environmental conditions.

6. Charging

Connect the included USB-C cable to the charging port on the right ear cup. A full charge takes approximately 2 hours.

LED indicators during charging:

- Red: Battery below 20%
- Orange: Charging in progress
- Green: Fully charged

Quick charge: 15 minutes of charging provides up to 3 hours of playback.

7. Warranty Information

The TechNova X200 comes with a 1-year manufacturer warranty covering defects in materials and workmanship.

Warranty does not cover:

- Physical damage due to drops or misuse
- Water damage (the X200 is not waterproof)
- Damage caused by unauthorised repairs

To claim warranty, contact support@technova.in with your order number and proof of purchase.

8. Troubleshooting

Issue	Solution
Headphone won't turn on	Charge for at least 30 minutes. Hold power button for 5 seconds.
No sound after connecting	Disconnect and reconnect Bluetooth. Ensure volume is not muted on device.
ANC not working properly	Ensure ear cups fit snugly. Clean the ANC microphones gently.
Headphone not discovered during pairing	Reset the headphone: hold Power + ANC for 10 seconds until LED flashes red 3 times.
Audio cutting out	Move device closer. Remove wireless interference (microwaves, other BT devices).
Microphone not picking up voice	Ensure the MFB is not muted. Clean the microphone port.

9. Safety and Care

- Keep the headphone away from extreme heat, cold, and moisture.
- Do not expose to rain or liquids — the X200 is not waterproof.
- Clean with a soft, dry cloth. Do not use solvents or alcohol.
- Store in the provided carrying case when not in use.
- Listening at high volumes for prolonged periods may damage hearing. Keep volume at 60% or below for extended sessions.
